## Customer Feature (1)

FM can now detect and handle (via renew with change) an incorrect dosing information, where a dose of once a week is shown in a structure that depicts a dosing for once per day.

[[RENO-18341](#), [As FM I want to validate that <Kortdose> matches <Intervall>](#), 4.12.7 RC1 (#20107)]

## Defect (1)

[[RENO-18352](#), [Dosing warning shown on all items where the kortdose selected for the prescription does not exist in local FEST](#), 4.12.7 RC2 (#20113)]
